## About Residence Life

At Nichols we believe that residential living offers students the chance to live and learn in a supportive environment. We believe that a student should develop into a responsible citizen capable of giving back to their community, and that every single person is important and critical to our collective success. Our staff is made up of both student Resident Assistants (RAs) and full-time professional Area Coordinators (ACs) as well as student programmers and community managers. Our staff and policies are in place to strive to make our residence halls safe, convenient, and welcoming. Nichols students take personal responsibility for their behavior and surroundings and set high expectations for civility and community.

Living on campus during this exciting time of your life is a privilege, and your time at Nichols will not last forever. Take advantage while you're here to make the most of it—leave your room, put down the cell phone, close that laptop, and engage with one
